

Tyson began playing goal when he was 8 years old and played club hockey with SPKAC. His playing time took him through the CJHL and a brief appearance with the NAIT Oaks. Tyson's goalie coaching career began with Gold In the Net hockey schools before taking over as Lead Goaltending Instructor with Fort Hockey Development for 4 years. Tyson also spent time with the Oilers Hockey Institute which has allowed him to establish a vast network of experienced NHL players and coaches. Goaltending camps have allowed him to plan goaltending-specific sessions and to implement both on & off-ice development drills. During his 4 seasons with SPKAC, he served as the goaltending coach seeing 3 of the goaltenders play in the WHL and AJHL the following seasons.

During Tyson's student career at the University of Alberta he majored in Sport Coaching, choosing to focus on leadership, problem solving, and relationship development. These skills have allowed him to connect with athletes on a more personal level and allow him to be approachable whenever issues may arise. This upcoming season Tyson will also be taking on the role of Head Coach of the U15AAA Rangers after spending last season leading the U16AAA team.

"My time with Fort Saskatchewan Minor Hockey has been nothing short of fantastic and I look forward to continuing to grow this exciting and competitive program."

TYSON MUNRO

GOALIE DEVELOPMENT COORDINATOR
