What's Happening

Maltreatment Awareness Month:

By enforcing Rule 11.4 and recognizing Maltreatment Awareness Day, Hockey Alberta is working to prevent discrimination and ensure respect, fairness, and safety for all involved in the game. These are vital steps toward making hockey a place where everyone feels valued, respected, and empowered to play.

Below are some reminders and strategies that you can do to contribute to this positive change and help move us forward:

Players be aware of the language that you use and how it can harm others.

- Find opportunities to learn about those around you and contribute to a healthy team.
- Impact vs. Intention. Be aware of the impact of your actions. Even though our intentions may be innocent, or we are reacting in the-heat-of-the-moment, our words and behaviors can have a big impact.

Parents and Families, your support is essential in creating a positive, inclusive hockey experience.

- Be a Positive Role Model: Your actions make a difference. Show respect and integrity when interacting with coaches, officials, players, and other parents.
- Stay Informed: Understanding the issues around safe sport helps us all. Take some time to learn about the dynamics of inclusivity and respect in hockey.
- Familiarize yourself with FSMHs Code of Conduct.
- Step In: If you notice bullying, harassment, or harmful behavior.
- Promote Inclusive Spaces: Speak up about creating welcoming environments that let all players thrive.
- Respect in Sport for Parents: [Access Hockey Canada's Respect in Sport for Parents course](#) to learn tips on how to build positive interactions both on and off the ice.
- **Coaches**, you play a pivotal role in shaping a positive and inclusive environment for your players, both on and off the ice, foster a welcoming, safe and fun atmosphere!

Another Reminder:**MORNING ICE:**

Many FSMH teams have already completed their allocated 6 AM ice time for the season. We want to extend our heartfelt thanks to all of our families for waking up early and bringing players to these practices. We understand that these early practices come with mixed feedback, but your commitment helps demonstrate to the City of Fort Saskatchewan our dedication to utilizing all available ice time. This effort is crucial in supporting ongoing discussions about the potential for a new arena in Fort Saskatchewan. Thank you for your continued support!

DEVELOPMENT SESSIONS:

This season FSMH implemented an in season development program to help teams get started on some outside development for each team. We are very excited about this program and we hope all participants are enjoying the program and we hope this will only continue to grow in FSMH.

Canadian Brewhouse Community Hero of the Month - LINDEN STANG

What separates Linden from other mentors is he is helping our team even though he has no siblings or relation to our players. He made the effort because he genuinely wants to help and mentor. One of his reasons is he remembered older Rangers helping on his teams in past years and strived to help deliver the same leadership to our players. For this reason, Lindens commitment should be recognized.
